Bids & Contracts, Commissioning

Value

- Triple aim projects (Substance misuse, BMI over 40, frailty, 65+ MCI &, Dementia & LTC, Homeless, LD, IAPT, Asylum-seeking children, Crisis, SMI)
- Inequalities workstream and Anchor Institution/Marmot Trust, increasing understanding of population health and data systems to drive change
- Employment support strategy group, NHSE Tobacco Control Early Implementer Project
- Datawarehouse modernisation and Master Patient index to link patient records between different systems
- Mental Health CMHT Transformation, IAPT PCN offer
- Developing integrated Placed-based Care Systems
- SCYPS, CAMHS integration with partners & Tier 4 bed capacity & flow
- New Developments (Crisis services, Rehab, Perinatal, Dementia, LD service, review, Inpatient MH improvement, Integrated Discharge Hubs, IAPT, Neuro pathway, CAMHS,, Single point of Access, SCYPS, ASD, ADHD, Eating Disorders, Primary Care service standards, PCN prospectus)
- Forensic SCFT outreach and LT/BD service developments
- Modernising inpatient services in Luton & Beds
- Improving physical health, loneliness, relationships, signposting to VCS & community opportunities, rollout DIALOG across all services and improving outcomes
- Supporting carers, service users into employment & education
- Staff Recuperation
- Enjoying work programme, recuperation, building QI capability
- Reduce anxiety, agency staff, improve safety & Trauma informed care
- Digital systems solutions, improving infrastructure, IT kit, Imprivata, Citrix Cloud, ELFT Record, cyber security, Digital Aspirant, Integration engine
- Shaping digital assessment treatment offer & empower users
- Digital champions, PP input to improve training & skills, Rio Mobile, Dialog Apps, digital dictation to improve experience of care ,
- New Website, dedicated communication support, improved comms channels
- Power Bi analytics integrated reporting solutions & self service
- Meet national access targets across services, IAPT CAMHS, PTS, Dementia, CHS
- Manging demand, Improving access to services, reducing backlogs
- Review corporate resources to support DMTs to deliver priorities
- Equality & Diversity, Race & Privilege
- Brexit planning, maintain COVID services, integrated care workforce planning & competencies tool, developing social care model
- Deploying new systems, e-Roster, Learning Academy, trainers with lived experience, Bank service
- Organisational development, increasing coaching capacity & leadership offer across Trust
- Recruitment & retention, employing locally, mobilise staff survey plans
- Developing borough level estates plans, site upgrades
- Capital plans, Passmore Edwards, East Ham redesign, Bedford Health village, Mile End inpatient site, medicines PPE storage
- Retender Addictions service, Contracts negotiations, Compass ICS, CYP, Eating disorders, psychology, long-COVID, Community connectors, crisis
- Business cases & investments Moorgate LD ward expansion, BLMK forensics offer, Inpatient build, CAMHS LTP, STP-wide rehab /neuro services
- Developing plans for system ICS governance and commissioning capability
- Managing emerging external system pressures on Directorates resources
- Contract KPI reviews
- FV programmes, remote working, reduced travel, printing, less clinical variation, service digitisation, less DNAs, automation, estates optimisation, procurement, LD unit, LBH Savings,s117 costs, CMHT skills mix, CMHT review, East Ham, Procurement standards, redesigns
- Value learning system for QI projects

21-22 Priorities

Impact Key

- ← Primary
- ← Secondary

No	Top Key Priority Areas (Estates)	Milestones	Local Leads	What Cooperate /DMT support is required	Expected Delivery Dates
1	Capital Plans Development	Clarify successful bids and investment envelope for next year - Agree priority projects and schemes - Sign off and build capital plan	Borough Directors	Finance, Executive Decision	12 months
2	Bedford Health Village Re-provision	Scheme currently in progress	Eugene Jones/Richard Fradgely	Finance, Executive Decision	36 months
3	Moving out of Passmore Edwards to First Avenue	Scheme Currently working progress	Bailey Mitchell	Finance, Executive Decision	18 months
4	Single Mile End Site – One Borough inpatient site (Hackney and Tower Hamlet's) MHCOP centre of Excellence	Scheme yet to be confirmed – transformation project leads currently scoping	Richard Fradgely	Finance, Executive Decision	5 years
5	Pharmacy and PPE Storage Space	<ul style="list-style-type: none"> Develop clear estate strategy for one storage solution, or multiple sites to manage increased demand Looking for premises Commercial Appraisal of options, Financial viability on selling medication to other providers 	Jenny Melville /Amy King	Finance, Pharmacy, CDD, Executives Decision, Digital, Corporate Nursing	3- 6 month (decision on approach)
6	Business case to expand single person facility in Moorgate Ward	Increase ward to 4-5 medium secure wards Agree Business Case	Phil Baker / Sarah Barnett	CDD, Finance, Lawford, Tony, Estates	12 months
7	Local Service Transformation Work	Various service level initiatives under way such as Community Transformation, Service redesign	Borough Directors	DMT's	12 months
8	Developing Borough Level Estate Strategies	Reappraisal of Estates utilisation Working with Digital and DMTs to appraise future working practices and estates needs	Borough Directors/ John Hill/ Philippa Graves	Borough Directors, Clinical Directors, Digital, Finance , Estates	12 months

Strategic Objectives

Secondary Drivers

21-22 Priorities

No.	Top Key Priority Areas (P&C)	Milestones	Local Leads	What Directorate support is required	Expected Delivery Dates
1	Trustwide rollout of Health eRoster	Getting all teams onto eRoster and optimising the platform and embedding into business as usual Training and support offered to DMTs Establish real time reporting for sickness /absence	Archana Saanap	All DMTs to adopt new system Informatics	18 months
2	Setup central Staff Bank Service to integrate across ICS	Establish central booking team, and app to improve service delivery, train staff to use new processes and embed practices	Irfaan Ibne	All DMTs to adopt new system	6 months
3	Deliver training required for vaccine pods - 3 across the Trust	Recruit and train staff , establish pods and advertise for vaccinations Commence delivery vaccinations for the public	Irfaan Ibne	Corporate Nursing	3 months
4	Delivering New Learning Management system – training Academy	Procure new system, develop content and embed across DMTs One stop shop for all training needs established	Steve Palmer	All DMTs to develop content for local needs	12 month
5	Realigning P&C senior leadership team to support primary care and increase OD capacity	Review completed to align to primary care needs	Tanya	Primary Care Directorate	3 month
6	Implementation of respectful resolution pathway	Reduced formal processes for reconciliation Increased informal resolutions Communication of service to DMTs	Corinne Cunningham	All DMTs to adopt new system	6 month
7	Maintain focus on Staff Inequalities across the Trust	Delivery of the people plan, debias recruitment Maintain the focus on Race & Privilege across the Trust Supporting the work of all staff networks	Tanya Carter	All DMT to feedback on progress	12 month
8	Staff Survey Results and plans to be mobilised	Analyse new staff survey results, distribute to teams to develop action plans and monitor progress	Jill Dabbs	All DMTs	6 months
9	Brexit Planning	Ensure are Eu workforce have a settled status, ensure all new recruitment is compliant with immigration rules	Isabella Larkin		6month
10	Anchor employer – recruiting locally	Shifting recruitment strategy to recruit locally and reduce unemployment in London Building local partnerships and talent pool Deploy values-based recruitment policy Work experience opportunities	Jemma Ball	DMTs to adopt new values-based recruitment policy	12 month

No.	Top Key Priority Areas (P&C)	Milestones	Local Leads	What Directorate support is required	Expected Delivery Dates
11	Sustain our COVID services and support	Maintaining staff wellbeing, testing and support across the Trust, learning from what's worked well from pandemic	Bernadette Fitzharris		6 months
12	Develop and Deliver Leadership offer for the Trust	Resource agreement from exec Delivery of short-term offer Scoping/agreement of long-term offer	Donna Willis		12 months
13	Expanding OD Offer to all teams in the Trust	As resources allow, work with localities to support team behaviours and performance	Donna Willis		12 months
14	Converting Integrated Care Competencies into a tool	Subject to funding, test the competencies with a wider population Develop an online platform to enable utility at individual, team, organisation and system level.	Donna Willis		12 months
15	Increase coaching and mentoring capacity in the Trust	To establish further development of coaching skills within the Trust To fully launch the coaching and mentoring platform	Olga Osokina		6 months
16	Statutory & Mandatory Training – Focus on returning to >90% compliance	Create a trust wide and locality specific plan to focus on priorities Deliver programme of training to achieve target	Princess Kabba	All DMTs	8 Months
17	Create additional opportunity for new and existing apprenticeship pathways	Provide support to professional leads and functional teams to increase the accessibility and availability of apprenticeships	Sarah Canning	All DMTs, Professional Leads	12 Months
18	Support for Change Activities and new service integration	Provide support to DMTs and services when making organisational changes and creating new services Work to better define the process for new services to ensure P&C engaged before process finalisation	Tanya Carter / Shefa Begom	All DMTs, BDU	12 Months
19	Create and deploy talent management processes	Create talent definition and mapping processes that highlight and support the development and progression of key talent	Steve Palmer	All DMTs	12 Months

Strategic Objectives

Secondary Drivers

21-22 Priorities

People Participation

Improved Population Health Outcomes

Improved Experience of Care

Improved Staff Experience

Improved Value

Integrated Care, Partnerships & Coproduction

New Service Developments

Service User Outcomes

Staff & Service User Well-being

Digital First

Access, Demand, Capacity

Workforce, Equality & Diversity

Estates

Bids & Contracts, Commissioning

Value

Co-producing everything we do

To increase the number of service users and carers in full or part-time employment/education

Service users and carers to be referred into People Participation at the start of their journey with ELFT

Improving physical health, loneliness, relationships, signposting to VCS & community opportunities, rollout DIALOG across all services

Supporting carers, service users into employment & education

Improving our signposting into voluntary sector and community based opportunities (i.e. sports, hobbies, financial support..)

COVID-19 challenge – People Participation have been useful in terms of connections with service users and carers, addressing loneliness, physical exercise and connecting people, for example Befriending service. Share learning with teams across the Trust.

Empowering people digitally – access to technology and the confidence and skills using it. ELFT to develop a truly meaningful digital offer for service users, carers and staff

The Trust to demonstrate work in improving inequalities – i.e. Black Lives Matter, LGBTQ+, poverty, cultural awareness..)

FV programmes, remote working, reduced travel & conference expenses, printing savings, increased digital service offers and less DNAs, estates optimisation, procurement, LD unit, LBH Savings

People Participation

No.	Top Key Priority Areas	Milestones	Local Leads	What Directorate support is required	Expected Delivery Dates
1	ELFT to support the expansion and development of education and training led by people with lived experience – education of staff and of service users.				
2	To increase the number of opportunities for service users and carers to be in full and part time employment/education.				
3	Service users and carers to be referred into People Participation at the start of their journey with ELFT				
4	Empowering people digitally – access to technology and the confidence and skills using it. ELFT to develop a truly meaningful digital offer for service users, carers and staff.				
5	Co-production in everything we do.				
6	Improving our signposting into the voluntary sector and community based opportunities (i.e. sports, hobbies, financial support...)				
7	The Trust to demonstrate work in improving inequalities – i.e. Black lives matter, LGBTQ+, poverty, cultural awareness...				
8	Covid-19 challenge – People Participation have been useful in terms of connections with service users and carers, addressing loneliness, physical exercise and connecting people, for example Befriending service. Share learning with teams across the Trust.

Value

- Bedfordshire Health Village
- BLMK architecture – linking up record -2-3 year project
- Trust integration Engine – 2 year Project
- CMHT Transformation – NEL only
- Scaleable architecture - ongoing
- New service desk portal
- Electronic Observations – 2 year project
- Rio Mobile App, digital dictation - ongoing & BAU
- Imprivata – single sign on – after VDI – Yr 2
- ELFT Record Viewer 2 -3 year project
- People Participation input Digital team and workstream including digital Citizen Record for BLMK & NEL – all 3 years
- Digital Solutions Board Implementation - followed by DOTB
- Service enabled scalable profiles supporting any device - 2 year project – requires ongoing funding
- Digital Champions/ Expert User Network, training and support – Yr 1 – BAU after
- Cyber security and education – Yr 1 – BAU after
- Virtual SmartCards – after Mobile supported by NHS X – 2 year
- Estates & Digital Collaborative – fit for purpose sites – 3-5 year programme requires funding – GDPR & VfM delivered on contracts
- Agile working, secure & robust platforms, efficient view of the user record from anywhere, quality of service & support Delivered, Pt enabled to manage care digitally, Green footprint improved

- Year 1
- Year 1 & 2
- Year 1 & 2 & 3 +

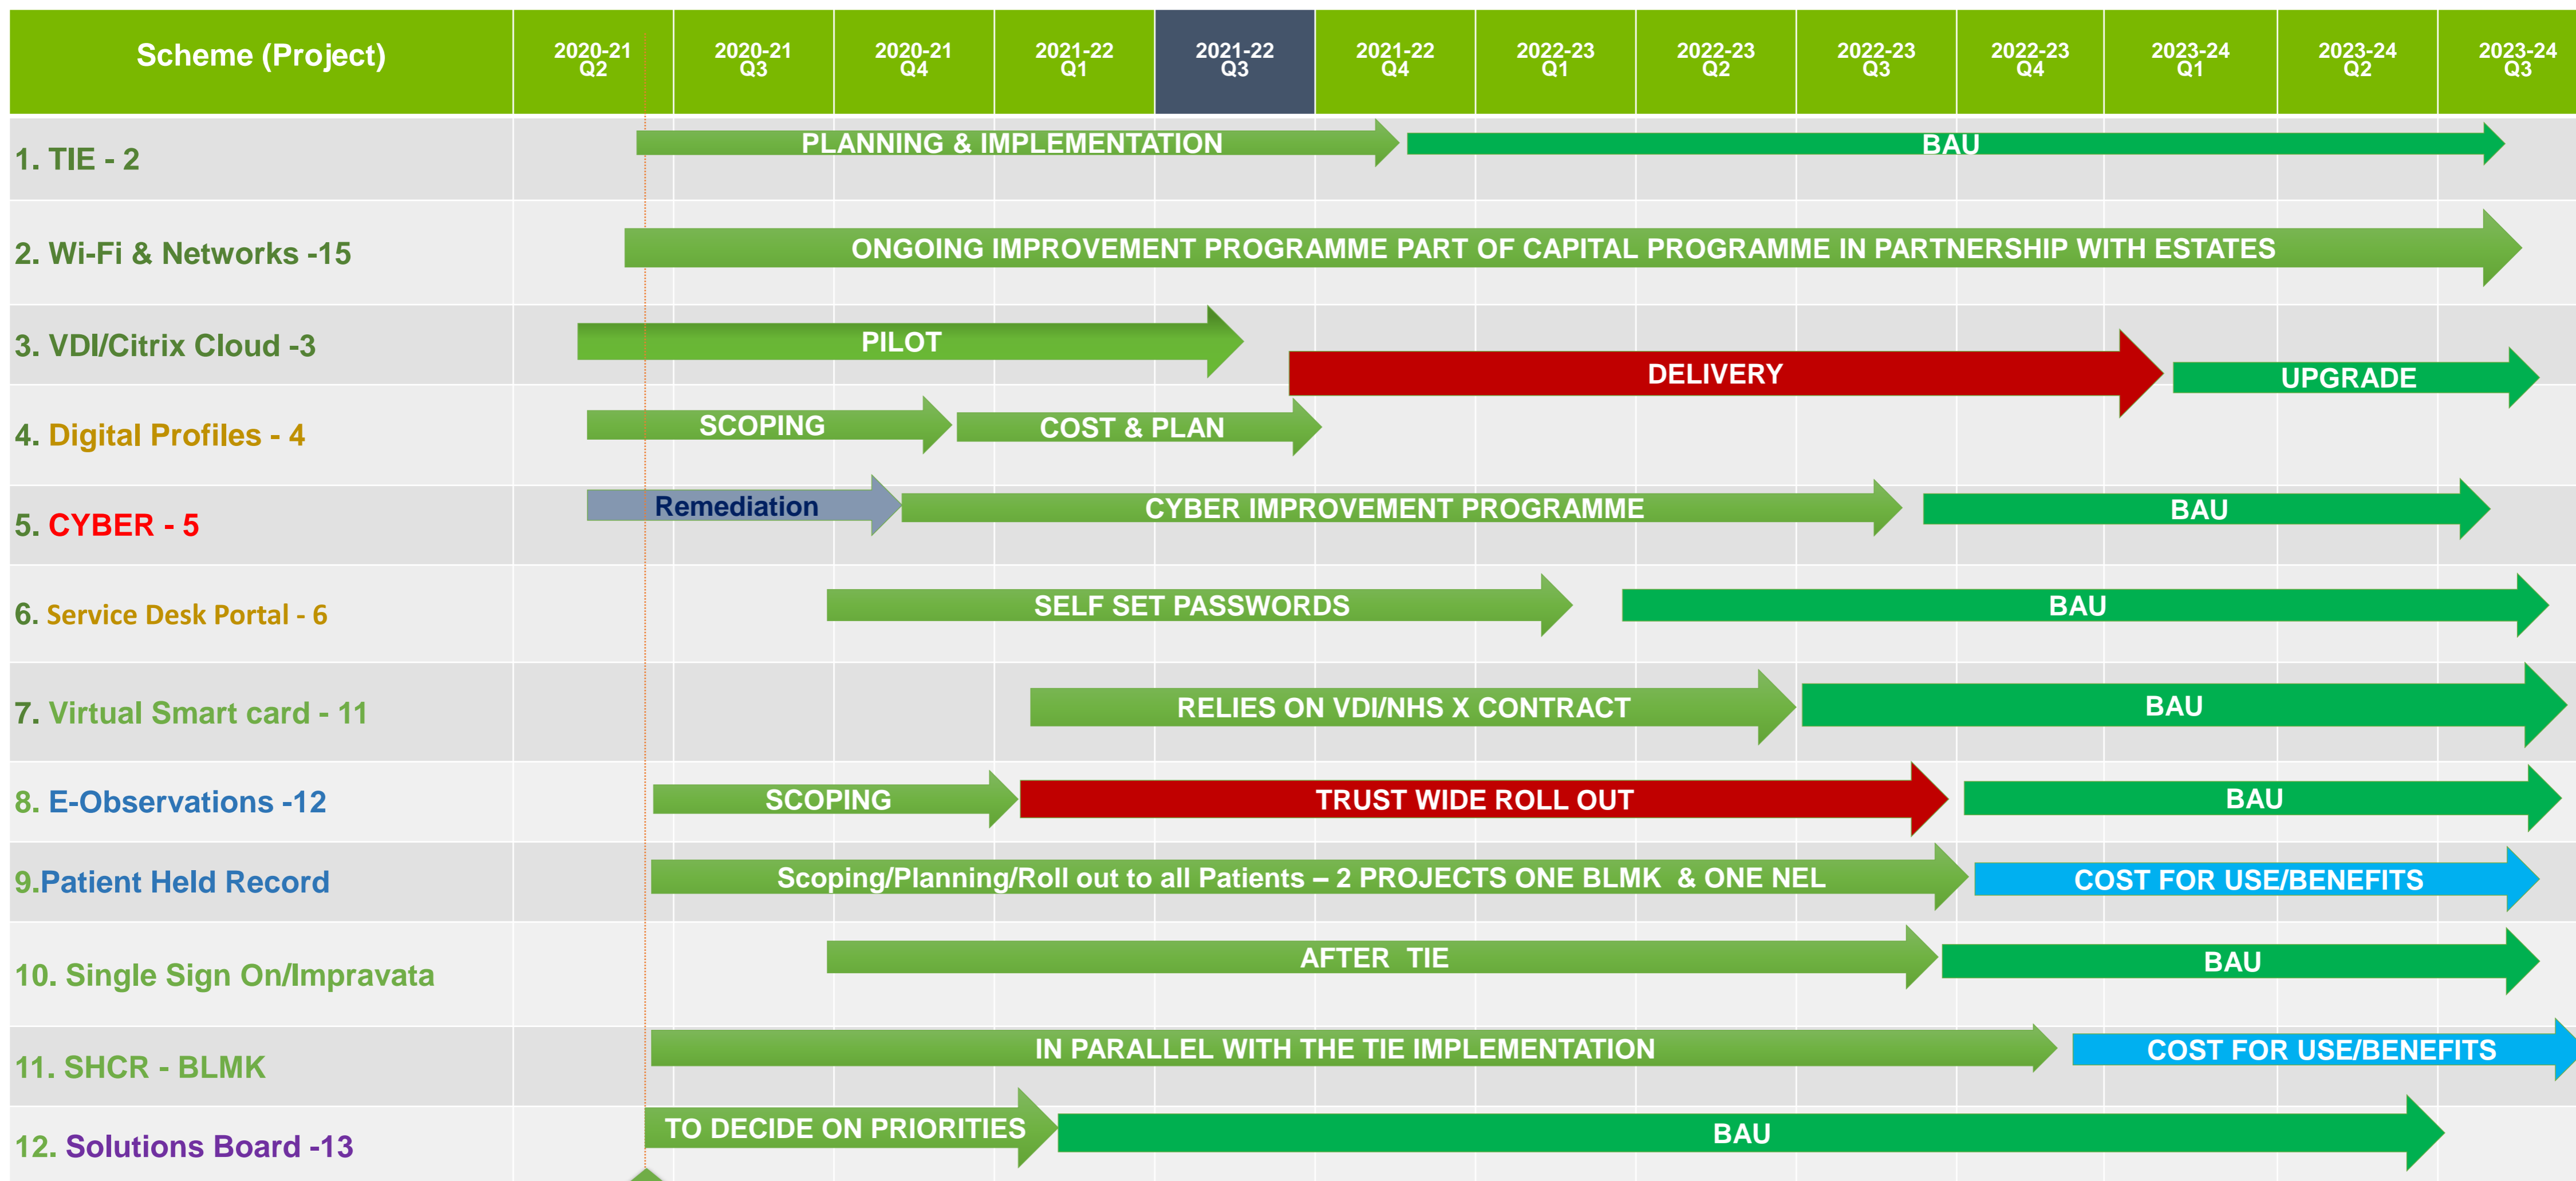

Digital – 3+ Year Plan

No	Top Key Priority Areas (Newham)	Milestones (Definition of Done)	Local Leads	What Cooperate support is required	Expected Delivery Dates	Year 1-2	Year 3-5	Green Agenda/ Efficiency	Funded
1	Scalable Architecture	All aspects of ELFT architecture achieve Kite Mark, are resilient, sized correctly and resilient.	CTO/CDO	Funding – linked to Strategy & some DA funding – IaaS, DaaS, Networks, Data Links	1-2	√	√	√	Part
2	Trust Integration Engine	All key systems integrated so data entered only once.	CTO/CDO	Funding – linked to Strategy – year 1 DA programme	18 months starts in June 21 – Digital Aspirant.	√	BAU	√	Year 1 only
3	Citrix Cloud deployable	All devices supported by VDI – no delay in spinning up new users.	CTO	Funding – linked to business case – Pilot funded by DA	1 – 2 years. Dependent on deployment methodology.	√	Business Case	√	Only Pilot DA
4	Service enabled scalable profiles supporting any device	Key profile & apps defined by business to support new starter process.	CTO/CDO	As above. Directorate level and transparent costing.	As above.	√	√	√	Only Pilot DA
5	Cyber Security & Education	CTO in place CISO in place NHS X compliant	CDO/CTO/ CISO	Board support & Directorate engagement – outlined in the Strategy	1 year	√	√	√	Year 1 Only – in the Strategy
6	New Service Desk portal	Ability to reset passwords on line	SDM/CPM	New tools to support self-service application	1 – 2 years - DAF	√	√	√	√
7	Imprivata – single sign on – follows VDI and supports virtual smartcards	Enabled login to support virtualised applications. NHS X dependent	SDM/IDM	New user interface – supports virtual smart card	8 months – 2 years – NHS X dependent	√	√	√	Business case needed
8	ELFT Record – requires 2/3/4/5/7/8	One pane of glass to access the key record entries for user ease.	IDM/CTO/CCDO/ CDO	User input for configuration	3 – 5 years for all services.	√	√	√	Funding needed
9	- Dictation -RIO mobile	Ongoing DMT based projects – review of Definition of Done occurring.	CPM/CCIO	User input for configuration	DMT specific – funding expires this year.	√	√	√	Specific project stood up for this.
10	PP Input – getting the most out of Digital Citizen Record	3 year programme – end point is citizens in NEL & BLMK being able to manage their own record.	IDM/SDM/PMO	User & DMT input & Patient Participation - Linked to Patient held record in BLMK & NEL. Must Do. DA starts it only.	2-3 years – but starting in January.	√	√	√	Needs on going funding

Digital : 3+ Year Plan

No	Top Key Priority Areas (Newham)	Milestones (Definition of Done)	Local Leads	What Cooperate support is required	Expected Delivery Dates	Year 1-2	Year 3-5	Green Agenda/Efficiency	Funded
11	Virtual Smart Cards – NHS D approved platform – Priority 3 & 7 must be delivered first.	All compatible devices will support virtualised smart cards.	SDM/IDM/CTO	Virtualise smart card function – following 3 & 7.	Up to 3 years + - NHS X dependent.	√ - Yr. 2	√	√	Business case needed
12	Electronic observations rollout across the Trust	All pt obs are collected into the RIO platform for in patient areas.	TB/CCDO/IDM/SDM/CTO/COO/DO	To improve safety and quality across the Trust	18 months for all services – 6 months plan & 12months roll out.	Start roll out Oct 2021 √	√	√	Eobs only funded by DA- finance needs to be profiled.
13	Establish and support Solutions Board approach to all Digital Projects to ensure fair and equitable decisions, funding, resource, and prioritisation to digital programmes.	Proper oversight and inclusive decision making and prioritising the limited digital resources.	COO/CDO/CTO/Business Leads & CTO	Outline plans and paperwork being incepted to ensure robust approach to Digital projects	1 year to make fully established	√	√	√	No funding required
14	ICS architecture – linking up record	ELFT staff can see record from all providers in NEL or BLMK	CDO/CTO/IDM	Time to build required architecture & funds – a must do – not optional.	Over the next 5 years. NEL & BLMK	√	√	√	Only first part funded – essential for ICS.
15	Estates & Digital Collaborative – Fit for Purpose	Every ELFT owned site has a Digital Kite mark for quality and a standard for estates that meets needs.	CTO/IDM/AD.Est.	Full site survey & assessment. Funding to address shortfalls. New Ways of working described. Must Do.	5 years – 127 sites to address. Priority 1 sites within 12 months from decision.	√	√	√	Requires full funding
16	Digital Champions / Expert User Networks - Training and support - PP & Exclusion	All DMT's have an identified Champion & standardised usage across Trust.	CCDIO/PP lead	All DMTs have Digital Champions.		√	√	√	Funding will be needed.
17	Community Service Transformation/ Community Mental health Transformation	Project still being defined – will update when known.	SDM/PM/IDM/CCDO	Pilot & rollout of new platforms & forms for Community Transformation	NEL only funded to £424K – BLMK not funded. Separately funded project.	√	√	√	NEL funded – Year one only. BLMK funding needed.
19	Bedfordshire Health Village	New SOTA facility stood up fully digitally enabled.	CTO/IDM/CCDO	Planning & Delivery of a Digital First health care facility for ELFT in BLMK	Will need a PM & resources going forward to delivery the plan & implementation	√	√	√	Funded by Capital but needs business case.

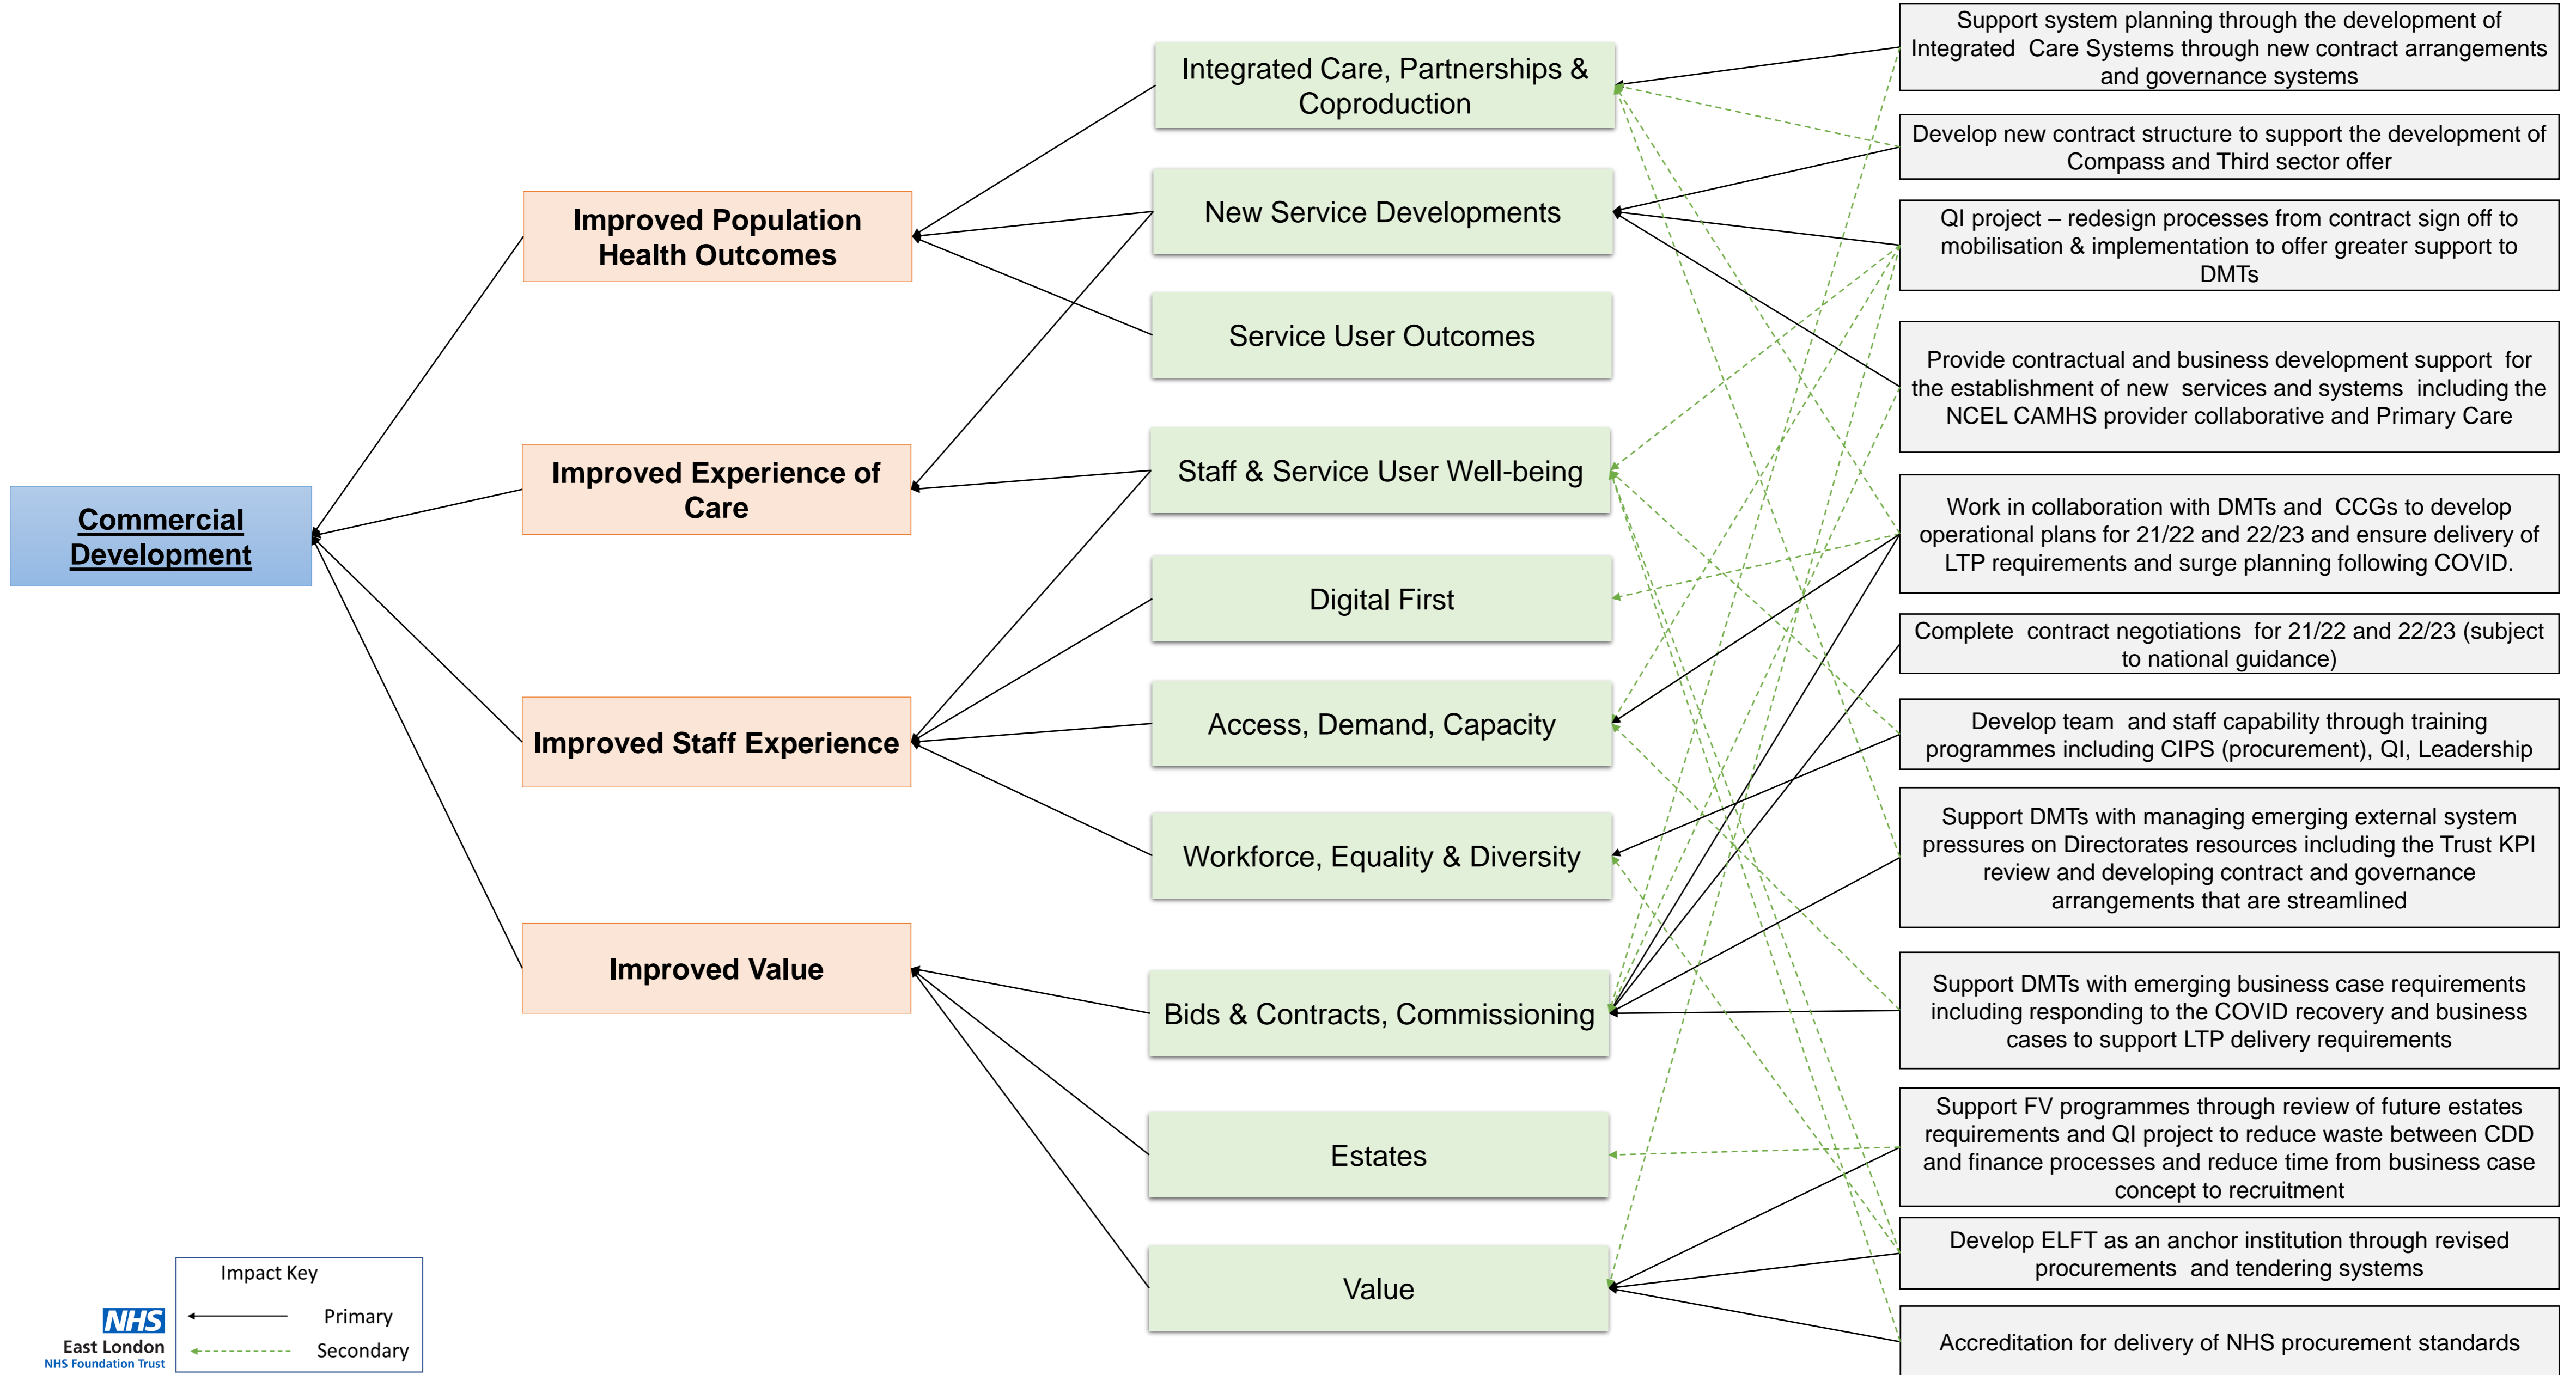

ELFT Digital Strategy – Deployment Plan 2020/21/22/23/24 – Page One

Strategic Objectives

Secondary Drivers

21-22 Priorities

Commercial Development

No.	Top Key Priority Areas (CDD)	Milestones	Local Leads	What Cooperate/DMT support is required	Expected Delivery Dates
1	Support system planning through the development of Integrated Care Systems through new contract arrangements and governance systems	Subject to national guidance on the new operating model CDD will be required to support the development of new contractual arrangements and governance systems .	Mohit Venkataram/Richard Fradgley /Robin Campbell	DMTs/Finance/Informatics/Performance/Estates/ Integrated Care Systems stakeholders (joint working)	Ongoing throughout 2021/22
2	Develop new contract structure to support the development of Compass and Third sector offer	Set up new sub contracting process for VCSE activity via Compass (June 2021)	Mohit Venkataram/Robin Campbell	DMTs/Finance/Compass	3 months (Completed by June 2021)
3	QI project – redesign processes from business case concept to contract sign off to mobilisation & implementation to offer greater support to DMTs	Establish Qi Group (April 2021) Agree scope of QI project, complete driver diagram and submit to Qi forum for project initiation (May 2021) Undertake detailed process mapping (June 2021) Begin PDSA cycle for core project deliverables (July 2021) Complete implementation and review (Dec 2021)	Robin Campbell	Finance / CDD team / IMT	9 months (Dec 2021)
4	Provide contractual and business development support for the establishment of new services and systems including the NCEL CAMHS provider collaborative and Primary Care	Provide ongoing support including the establishment of the PCN prospectus (Initial version by April 2021 and future versions throughout 2021 as the ELFT offer develops) Support 21/22 NCEL contracting and support development of Phase 2 collaborative (subject to national guidance)	Mohit Venkataram/Robin Campbell	Primary Care DMT / NCEL CAMHS DMT / Finance/ Estates / Qi / HR / informatics /	Ongoing in 21/22
5	Negotiation of 21/22 and 22/23 contracts (subject to yet to be published NHS operating framework for next year). This includes Mental Health Investment (22/23 investment brought forward to 21/22) standards and out of hospital community services.	Review existing contract indicators (end of Jan 2021). Setup planning meetings with CCGs (April 2021) Agree priority investment and priority areas (April 2021) Agree Contracts subject to national operating framework (June 2021) Process to be repeated December next year for 22/23 planning round	Mohit Venkataram/Richard Fradgley /Robin Campbell	DMTs/Finance/Informatics/Performance/Estates/ Integrated Care Systems stakeholders (joint working)	1 month (Completed by April 2021)
6	Develop team and staff capability through training programmes including CIPS (procurement), QI, Leadership	Ensure staff from each sub team are enrolled on Qi training programme (throughout 21/22) Ensure all procurement staff are CIPS trained or equivalent throughout 21/22) Support staff to access leadership programmes inc NHSE	Robin Campbell / Steve Newton	CDD team	Ongoing throughout 2021/22
7	Support DMTs with managing emerging external system pressures on Directorates resources including the Trust KPI review and developing contract and governance arrangements that are streamlined	Review existing contract indicators and agree with CCGs (end of June 2021) Agree future contract management architecture (subject to national guidance)	Mohit Venkataram/Richard Fradgley /Robin Campbell	DMTs/Finance/Informatics/Performance/Estates/ Integrated Care Systems stakeholders (joint working)	3 months (Completed by June 2021)
8	DMT Business Cases and bids	Responded to Long Term Plan and COVID recovery / surge business case requirements and specific service developments across Mental Health, Community Health and Primary care services.	Robin Campbell/Mohit Venkataram	DMTs/Finance/Informatics/Performance/Estates/Integrated Care Systems stakeholders (joint working)	12 months

No.	Top Key Priority Areas (CDD)	Milestones	Local Leads	What Cooperate/DMT support is required	Expected Delivery Dates
9	Support FV programmes through the procurement programme and the Business cases in MHIS	Procurement programme throughout the year as per plan Delivery of MHIS ad business cases in line with operational planning timescales	Robin Campbell / Steve Newton	CDD team / Financial Viability / Finance / Estates / IMT	Ongoing throughout 2021/22
10	ELFT as an Anchor	<p>Agree a set of metrics and scoring methodology [across addressable categories]: Key areas: Employment and Training, Equality and Diversity, and Sustainability.</p> <p>Appoint a Social value System: To have interoperability to tendering system with the option to support the evaluation and ongoing contract management.</p> <p>Develop and test documentation: Primarily in tenders and mini competitions for individual Trusts and collectively.</p> <p>Develop a standard set of KPI's: To thread the metrics into contract management</p>	Steve Newton/Mohit Venkataram/Richard Fradgley	Integrated Care Systems in particular NEL STP stakeholders	3 months (completed for June)
11	NHS Procurement Standards https://www.gov.uk/government/publications/nhs-procurement-standards	<p>Run diagnostic tool to self test: Link with Finance for data.</p> <p>Apply for accreditation: Assessor to assess ELFT.</p>	Steve Newton/Mohit Venkataram	Integrated Care Systems in particular NEL STP stakeholders	2 months – Accreditation by May 2021

Strategic Objectives

Secondary Drivers

21-22 Priorities

CMHT Transformation

Improved Population Health Outcomes

Improved Experience of Care

Improved Staff Experience

Improved Value

Integrated Care, Partnerships & Coproduction

New Service Developments

Service User Outcomes

Staff & Service User Well-being

Digital First

Access, Demand, Capacity

Workforce, Equality & Diversity

Estates

Bids & Contracts, Commissioning

Value

Define and implement care processes (assessment and care planning) and specific pathway offers

Further embedding of co-production within design and delivery of new care model

Develop evaluation approach

Further develop our relationships and processes for work with VCSE organisations, review and renew community connector

Deployment of community EMIS in PCN blended teams

Development and delivery of workforce plan, including development within new role, competency framework

Formalise team structural arrangements

Procurement of community connectors across East London

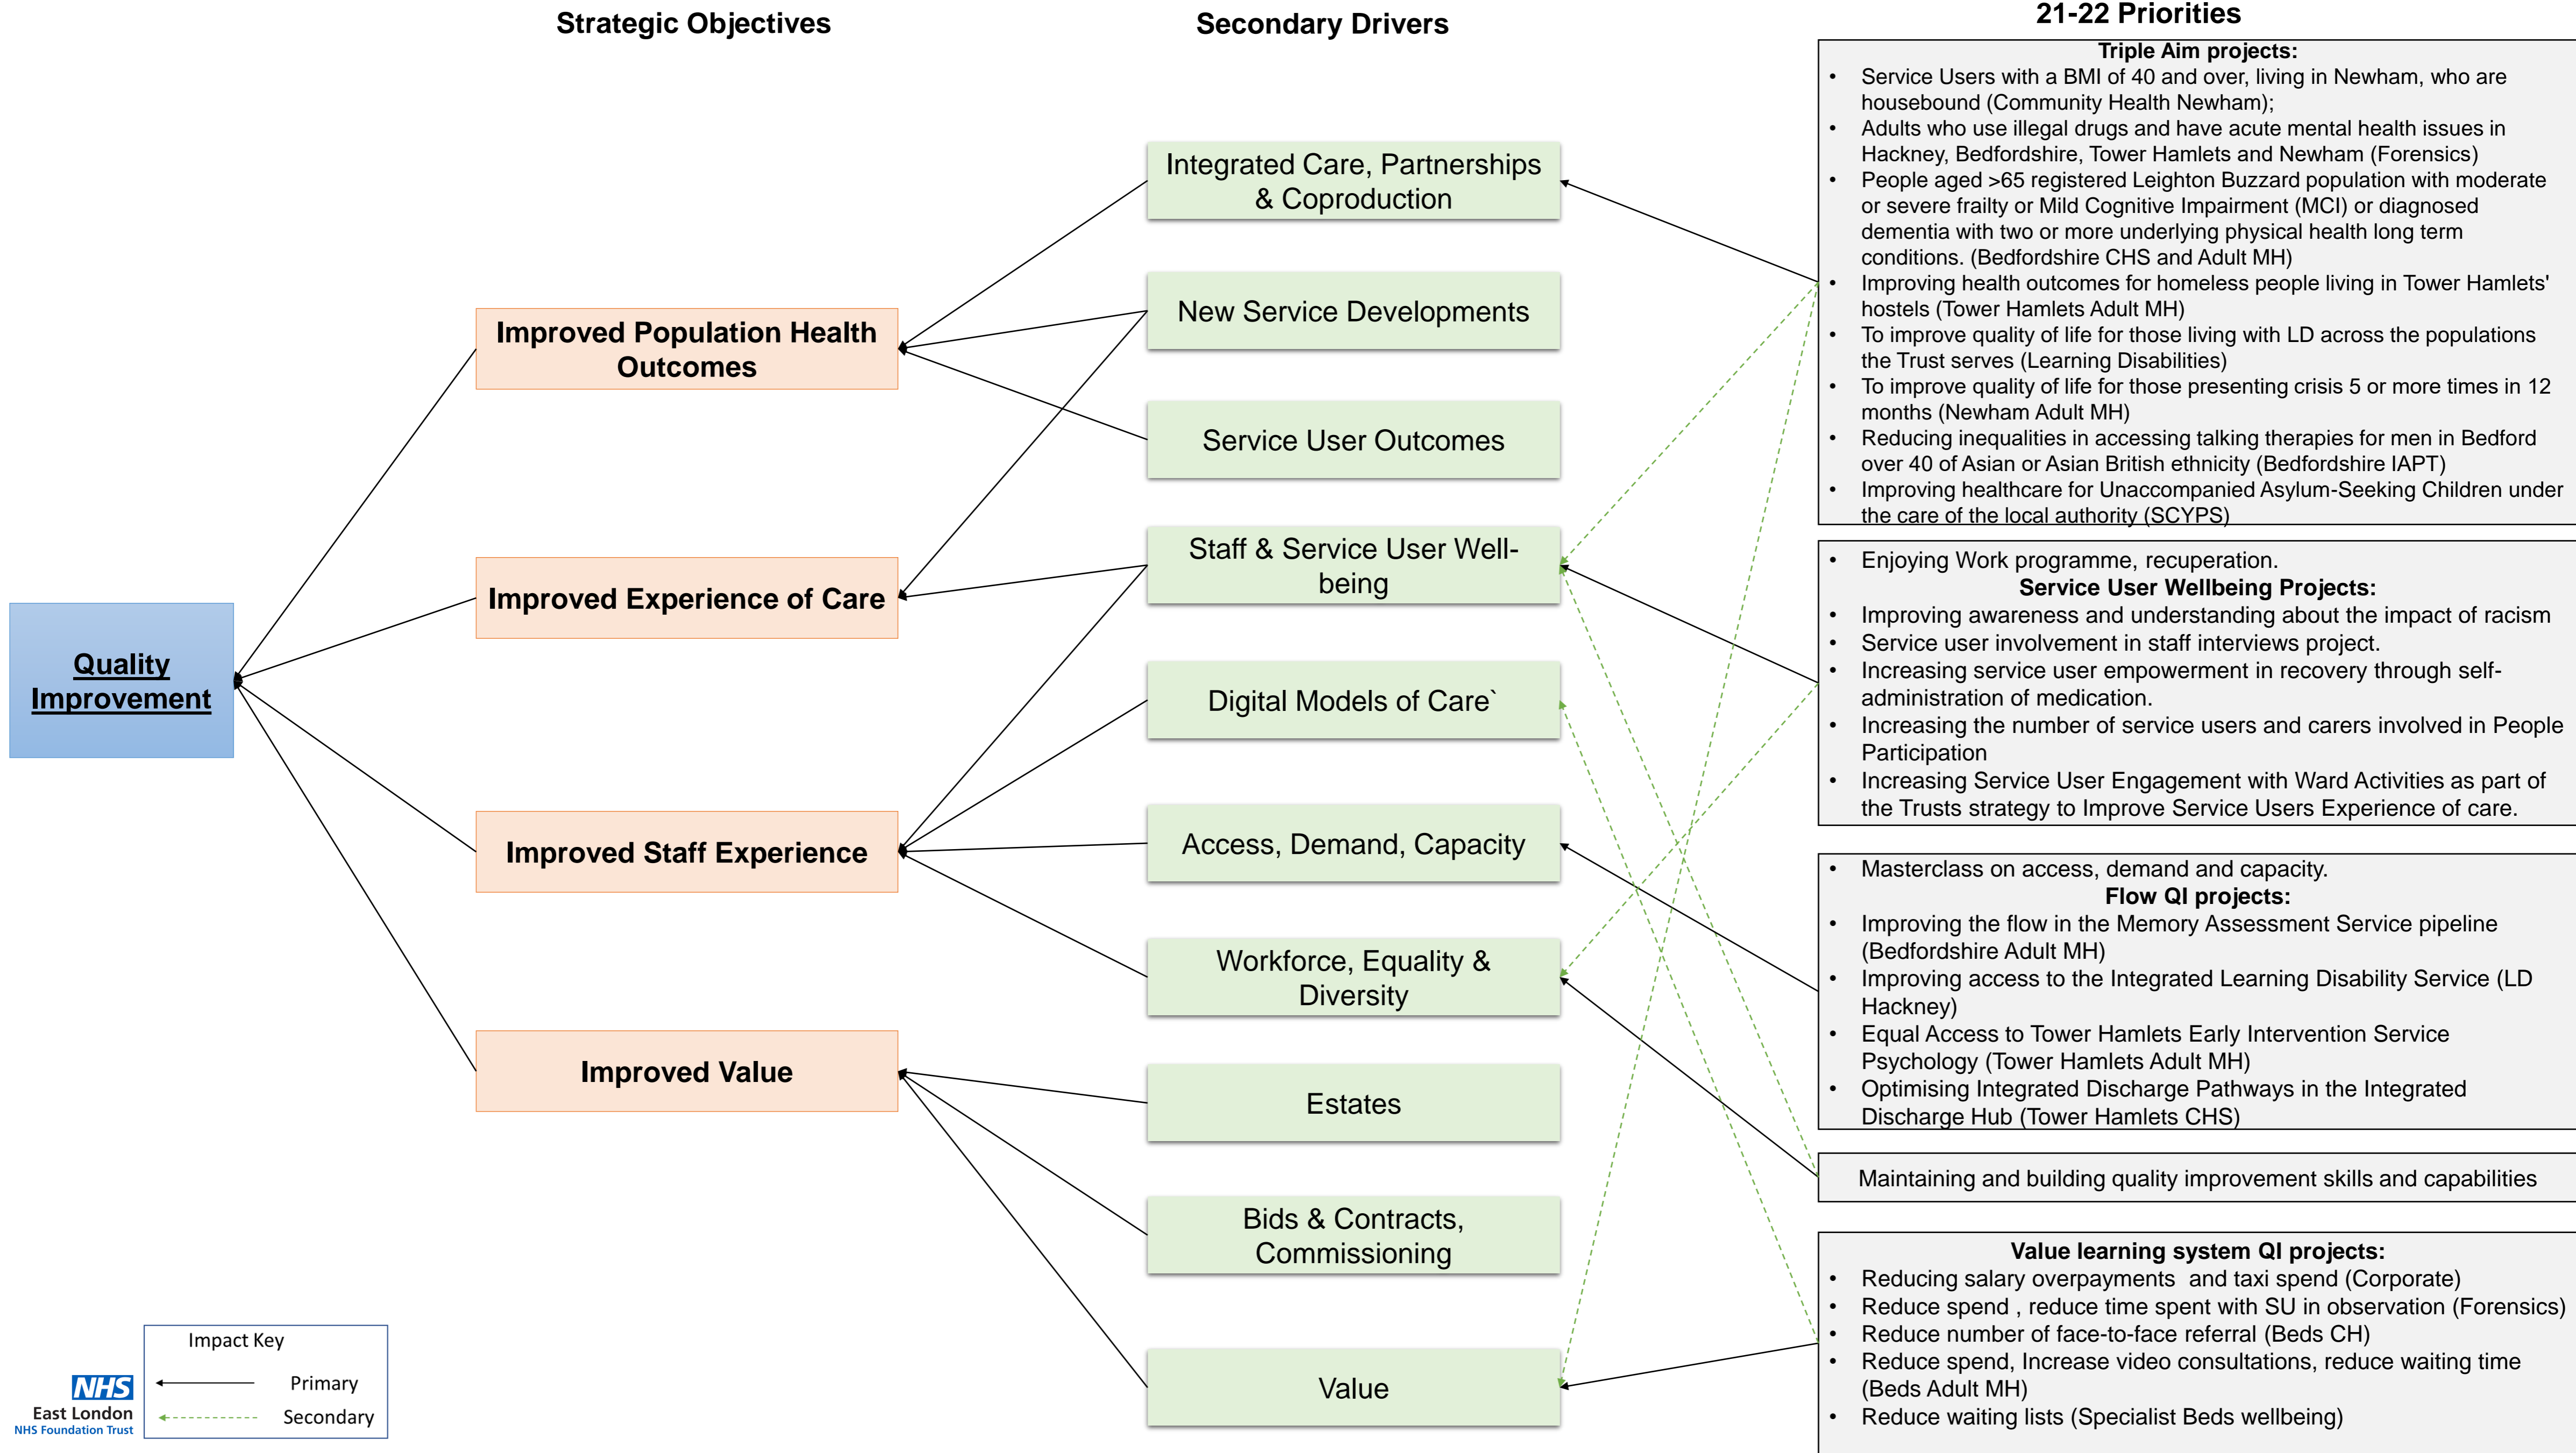

Delivering Local Borough of Hackney Saving Plans

FV programmes, remote working, reduced travel & conference expenses, printing savings, increased digital service offers and less DNAs, estates optimisation, procurement

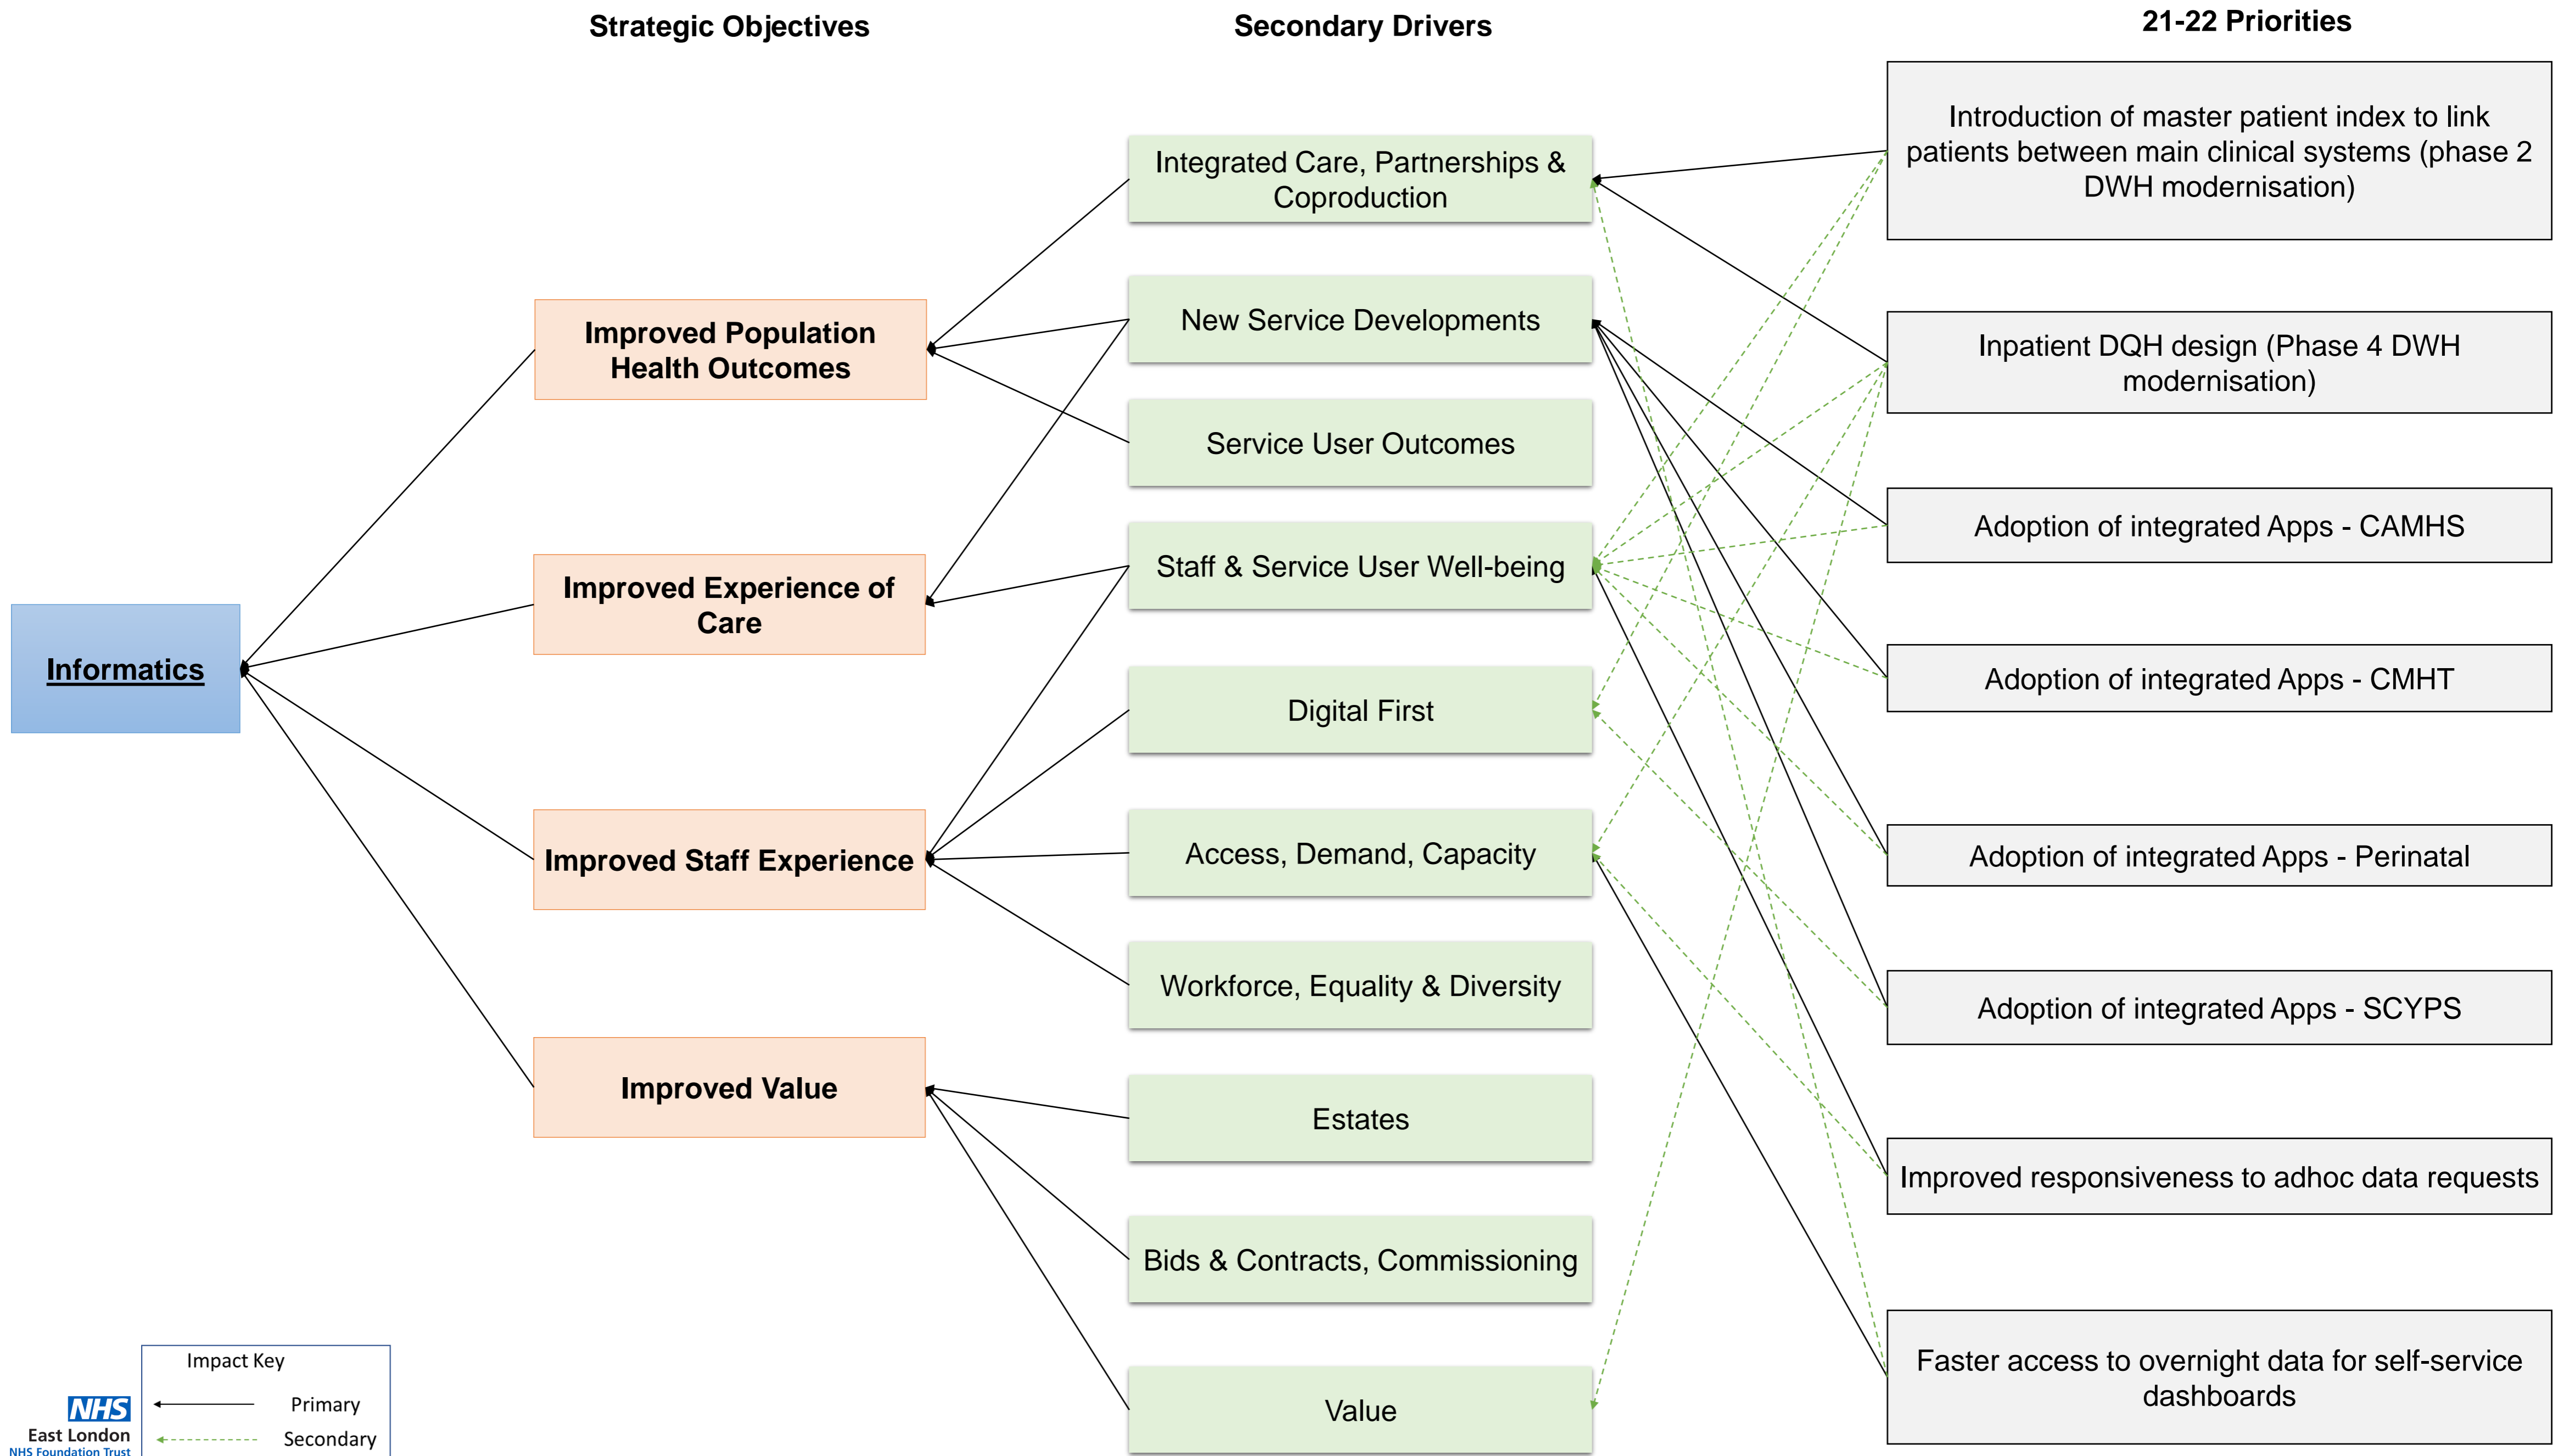

Shaping future service models

No.	Top Key Priority Areas (MH Transformation)	Milestones	Local Leads	What Corporate support is required	Expected Delivery Dates
1	Deployment of Community EMIS in PCN blended MH teams	Safety testing (?3 months) Deployment for testing in Newham (?3 months) Wider roll-out (?6 months)	Peter Macrae Warren Reynolds *TBC	Infrastructure funded through programme slippage, Digital, informatics	TBC
2	Define and implement care processes (assessment and care planning) and specific pathway offers	Workshops and learning sets (3 months) Pulling together in programme library (3 months)	Various Jamie Stafford	N/A	May 2021
3	Development and delivery of workforce plan, including development within new role	Developing competency framework for CMHT Transformation Workforce	Lucy Ingle	TBC	6 months
4	Further embedding of co-production within design and delivery of new care model	Increased focus on participation (throughout 6 months)	Becky Derham and People Participation Workers	People Participation	Continuous
5	Formalise any structural team changes	Design of formal approach (3 months) Deliver likely to be May 2021	Lucy Ingle and P&C BPs	P&C Business Partners (Lucy to coordinate)	June 2021
6	Develop Evaluation approach	Define parameters of Evaluation across Consortium of EI sites (3 months) Scope and procure partner for external impact evaluation (3 months)	Jennie Parker Jamie Stafford	Procurement support to identify impact evaluation partner	June 2021
7	Further develop our relationships and processes for work with VCSE organisations	Review and extension of Community Connector contracts (3 months) Develop mechanisms to support future work Procurement of Community Connectors across East London	Justin Phillips Compass	BDU support, Procurement	August 2021
