

JOB DESCRIPTION

JOB TITLE:	DIGITAL INFRASTRUCTURE AND SERVICE IMPROVEMENT PROJECT TRANSFORMATION SPECIALIST
BAND:	6
DEPARTMENT:	INNOVATION AND TRANSFORMATION
DIRECTORATE:	DIGITAL
REPORTING TO:	DIGITAL INFRASTRUCTURE AND SERVICE IMPROVEMENT PROGRAMME MANAGER
ACCOUNTABLE TO:	PROGRAMME PORTFOLIO LEAD

JOB SUMMARY

The Project Transformational Specialist is a key member of the Innovation and Transformation Team and will act as a lead for key project transformations within the Digital Programme Portfolio using specialist subject matter/knowledge.

This role will lead and deliver transformation projects (and smaller initiatives) within the Trustwide digital programme portfolio, as designated by the respective Senior Programme Manager. This will include establishing requirements, process mapping, analysing and reviewing business processes, establishing business management solutions and developing action plans for infrastructure improvement projects and implementation of new technologies across the organisation.

The postholder will work in close collaboration with Infrastructure and Service Improvement Programme Manager and project teams, and liaise with key internal and external stakeholders.

The teams could consist of:

- System suppliers
- Key project stakeholders
- Technical resources
- Clinician and non-clinical staff
- Partner providers
- People Participation
- Project staff responsible for the implementation of key ITIL processes such as Knowledge Management and Change and Service Asset and Configuration

KEY RESPONSIBILITIES

- Act as the overall owner of the specific projects (or smaller initiatives) including requirements managements, process analysis and process improvement Key areas of focus:
 - Using various techniques to provide both functional and non-functional requirements by the use of e.g. observation/shadowing, interviews, workshops, document analysis etc.

- Documenting user requirements in a manner that both the business and technical stakeholders will be able to understand.
- > AS-IS > TO-BE process mapping, analysing and reviewing business processes from end to end in order to identify improvement opportunities.
- > Documenting business process using industry standard methodology e.g. process flow, user journey etc.
- Using the RACI approach to manage stakeholder expectations.
- Conducting Gap Analysis.
- Knowledge and understanding of Target Operating Models.
- Responsible for maintaining the transformation projects governance arrangements to ensure a robust audit trail throughout the lifecycle covering requirements analysis, functional design, user testing and supporting business change to create and present project related RFCs for approval to Change Control Committees
- Work closely with the programme teams, Senior PMO Specialist, Digital Operations Teams including Transformation and Deployment Systems team, Digital leadership team and other project managers within the Innovation and Transformation Team, to ensure all transformation projects are scheduled appropriately.
- Ensure effective engagement and communication with all technical and nontechnical stakeholders both internal (such as clinical and nonclinical) and external (such as people participation, partner providers and suppliers)
- Contribute to the resolution of issues and risks that arise during the project(s) including failover/disaster planning, process documentation and testing escalating to Senior Programme Manager accordingly.
- Act as an ambassador for the Trust, ensuring the positive development of the Trust brand, championing the Trust's values

MAIN DUTIES AND RESPONSIBILITIES

- Collaborative working with technical resources and project stakeholders.
- Reporting/communicating progress to the relevant Project Board, Change Control Committees, external and internal governing bodies and other stakeholders.
- Liaising with the Digital Operations Teams including Transformation and Deployment Systems Administration Specialist Teams.
- Liaising with operational teams and corporate functions
- Manage and facilitate effective end-to-end business change management.
- Manage several project transformations to successful implementation in parallel with each other.
- Implementation of and ensure adherence to Trust policies and processes for the management of business analyse and change
- Manage a constant stream of conflicting priorities utilising good organisation or communication skills, ensuring that technical information can be explained in non-technical / business terms.
- Work in partnership with colleagues across the Trust to drive the achievement of the Trust's corporate goals and business plan, including the achievement of all the relevant performance standards incorporating quality, safety, contractual, financial and people

- When required, undertake third party software package evaluation using formal evaluation techniques.
- Facilitate and coordinate the analysis and testing requirement as part of the Programme
- Develop a network of relationships with key people and user groups across the Trust. In doing so, build increased knowledge of the Trust operations and how technology interacts.
- Specifically work with designated stakeholders to analyse, research and document requirements.
- Present potentially complex or sensitive information in an understandable format to a broad group of individuals and stakeholders.
- Through facilitation, formulate and agree with stakeholders a
 definitive statement of requirements, using own knowledge, skills
 and expertise to positively influence others in reaching agreement as
 appropriate.
- Maintain effective communications with stakeholders throughout the project in assessing agreed changes to scope and impacts to working practices.
- Develop and deliver presentations to senior stakeholder project boards as required.
- Proactively monitor and develop timely and accurate status reports (written and verbal) for Senior Programme Manager using Trust proved project templates
- Act as an effective translator between the user community and technical community including third party digital suppliers and in doing so build credibility, rapport and respect in the eyes of these communities.
- Communicate technical issues to non-technical staff at all levels in a manner that enables understanding.
- For small projects undertake detailed planning, as appropriate covering all test phases from analysis to post Go-Live support.
- Ensure sponsors and stakeholders are engaged fully in the delivery of the stated outcomes.
- Provide detailed timeline and work estimates of the analysis and testing phases to assess overall delivery timescales.
- Maintain an awareness of the strategic aims of the Trust through a
 detailed understanding of the operations in conjunction with
 technology capabilities, identify new opportunities that further
 advance the strategy.
- Remain updated with all Trust Policies and working practices.

Risk Management and Governance

- Lead a culture within specific project team that ensures that all technical and operational employees comply with Trust policies and guidelines
- Support the senior programme manager and other team leads in the delivery of the governance plan for the department
- Work collaboratively with colleagues to ensure that effective governance arrangements and performance management systems are in place for all projects

• Enthusiasm for working collaboratively with other departments and organisations.

JOB DESCRIPTION AGREEMENT

This job description is intended as a guide to the main duties of the post and is not intended to be a prescriptive document. Duties and base of work may change to meet the needs of the service or because of the introduction of new technology. This job description may be reviewed from time to time and changed, after consultation with the postholder..

Statement on Employment Policies				
In addition to the requirement of all employees to co-operate in the implementation of Employment				
related policies, your attention is drawn to the following individual employee responsibilities:-				
Health and Safety	Under the Health & Safety at Work Act 1974 it is the responsibility of			
_	individual employees at every level to take care of their own health			
	and safety at work and that of others who may be affected by their acts			
	at work, and to co-operate with management in complying with health			
	and safety obligations, particularly by reporting promptly any defects, risks or potential hazards.			
Equal Opportunities	ELFT is committed to equality of opportunity for all employees, job			
Equal Opportunities	applicants and service users. We are committed to ensuring that no			
	one will be discriminated against on the grounds of race, colour, creed,			
	ethnic or national origin, disability, religion, age, sex, sexual orientation			
	or marital status. The Trust commits itself to promote equal			
	opportunities and value diversity and will keep under review its			
	policies, procedures and practices to ensure that all employees, users and providers of its services are treated according to their needs.			
	and providers of its services are treated according to their needs.			
	For management posts, to ensure that within their service area fair			
	employment practice and equality of opportunity are delivered.			
Dealing With Harassment/	The Trust believes employees have the right to be treated with respect			
Bullying In The Workplace	and to work in a harmonious and supportive working environment free			
	from any form of harassment and / or bullying.			
	The Trust has taken positive steps to ensure that bullying and			
	harassment does not occur in the workplace and that procedures exist			
	to resolve complaints as well as to provide support to staff. It is your			
	responsibility as an employee to abide by and support these steps so			
	all employees can work in a harmonious, friendly and supportive			
	working environment free of any harassment or intimidation based on			
	individual differences.			
	Disciplinary action will be taken against any member of staff found to			
	be transgressing the Dignity at Work Policy.			
No Smoking	To refrain from smoking in any of the organisations premises not			
_	designated as a smoking area. 'East London Foundation Trust is a			
	Smokefree Trust – this means that staff must be smokefree when on			
	duty or otherwise in uniform, wearing a badge or identifiable as ELFT			
Alcohol	staff or undertaking trust business.'			
Alcohol	To recognise that even small amounts of alcohol can impair work performance and affect ones ability to deal with patients and the public			
	in a proper and acceptable manner. Consumption of alcohol during			
	work hours in not permitted.

Confidentiality	As an employee of the Trust the post-holder may have access to
	confidential information. The postholder must safeguard at all times,
	the confidentiality of information relating to patients/clients and staff
	and under no circumstances should they disclose this information to an unauthorised person within or outside the Trust. The post-holder
	must ensure compliance with the requirements of the Data Protection
	Act 1998, Caldicott requirements and the Trust's Information and
	IM&T Security Policy.
	mar coounty rensy.
	To safeguard at all times, the confidentiality of information relating to
	patients/clients and staff.
	To maintain the confidentiality of all personal data processed by the
General Data Protection	organisation in line with the provisions of the GDPR.
Regulation (GDPR)	
	As part of your employment with East London Foundation Trust, we
	will need to maintain your personal information in relation to work on
	your personal file. You have a right to request access to your personal
Sofoguarding	file via the People & Culture Department.
Safeguarding	All employees must carry out their responsibilities in such a way as to minimise risk of harm to children, young people and adults and to
	safeguard and promote their welfare in accordance with current
	legislation, statutory guidance and Trust policies and procedures.
	Employees should undertake safeguarding training and receive
	safeguarding supervision appropriate to their role.
Service User and Carer	ELFT is committed to developing effective user and carer involvement
Involvement	at all stages in the delivery of care. All employees are required to
	make positive efforts to support and promote successful user and
	carer participation as part of their day to day work.
Personal Development	Each employee's development will be assessed using the Trust's
	Personal Development Review (PDR) process. You will have the
	opportunity to discuss your development needs with your Manager on
Quality Improvement	an annual basis, with regular reviews. The Trust encourages staff at all levels to engage in the Trust's
Quality improvement	approach to quality through quality improvement projects and quality
	assurance.
Professional Standards	To maintain standards as set by professional regulatory bodies as
	appropriate.
Conflict of Interests	You are not precluded from accepting employment outside your
	position with the Trust. However such other employment must not in
	any way hinder or conflict with the interests of your work for the Trust
5: 1 11	and must be with the knowledge of your line manager.
Risk Management	Risk Management involves the culture, processes and structures that
	are directed towards the effective management of potential
	opportunities and adverse effects. Every employee must co-operate with the Trust to enable all statutory duties to be applied and work to
	standards set out in the Risk Management Strategy.
Personal and Professional	The Trust is accredited as an Investor in People employer and is
Development/Investors in	consequently committed to developing its staff. You will have access
People	to appropriate development opportunities from the Trust's training
	programme as identified within your knowledge and skills
	appraisal/personal development plan.
Infection Control	Infection Control is everyone's responsibility. All staff, both clinical and
	non-clinical, are required to adhere to the Trusts' Infection Prevention
	and Control Policies and make every effort to maintain high standards
	of infection control at all times thereby reducing the burden of all
	Healthcare Associated Infections including MRSA. In particular, all
	staff have the following key responsibilities:
, s àin.	Staff must observe stringent hand hygiene. Alcohol rub should be

Page **7** of **10**

used on entry to and exit from all clinical areas. Hands should be washed before and after following all patient contact. Alcohol hand rub before and after patient contact may be used instead of hand washing in some clinical situations.
Staff members have a duty to attend infection control training provided for them by the Trust as set in the infection control policy. Staff members who develop an infection that may be transmissible to patients have a duty to contact Occupational Health.
