REASONS WHY THIS SERVICE USER IS BEING MANAGED BY SIM LONDON

Intervention aims to help the service user by:

- Reducing risk of suicide, accidental suicide or serious harm.
- Preventing offending or anti-social behaviour during a crisis.
- Improving the quality of care that fits this service user's crisis.
- Preventing harm to the service user from others.
- Improving the quality of care to help prevent crisis and improve life outcomes and life expectancy.

Intervention aims to help the services by:

- Reducing unnecessary demand upon emergency teams.
- Improving the integration of care.

SHARING UPDATED RESPONSE PLANS WITH THE SERVICE USER IS VITAL EVERY TIME YOU MAKE CHANGES

When the response plan is updated, how does the service user wish to be given a copy of the updated version?:

Paper Copy:

- Paper copy given to them by hand asap.
- Paper copy sent to them in the post (must have own post box).
- Paper copy sent to a member of their family/friend/advocate.

Email:

- Electronic version sent to service user's email address.
- Electronic version sent to email of family/friend/advocate.

MY SAFE PLACES, PEOPLE & ROUTINES

The following places have been identified by this service user and their mentoring team as **highly suitable places of safety**. These places should be used at **every opportunity** as the **first option** when in crisis as opposed to using s136 of the Mental Health Act. Each place has an identified safe person and safe process (specific instructions for de-escalation, self care and support).
