Request: My company have recently been in contact with the Trust to discuss the staff provisioning/ insourcing requirements for the following services that we provide:

- Endoscopy
- Dermatology
- Ear Nose and Throat (ENT)
- Gynaecology
- Radiology

We require the following information to allow us to better understand the Trusts needs:

Question 1: Which staff provisioning/ Insourcing providers does the Trust currently use?

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not use insourcing providers for the services as described in this request. We are therefore unable to provide a response.
