Request: Under the Freedom of Information Act 2000, I would like to request the following information regarding Hypoxic ischemic brain injury after cardiac arrest.

Question 1: Can you tell me what test are done to establish whether a patient has had a cardiac arrest or heart [sic] attack which may have caused the suspected brain injury.

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not test for cardiac arrest or heart attacks in relation to brain injuries. The Trust is therefore unable to provide a response.

Question 2: Can you list the blood test, CT and X-rays please.

Answer: Not applicable.

Question 3: Can you also confirm how many patients have had a brain injury in your care over the last year please.

Answer: The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not test for brain injuries. The Trust is therefore unable to provide a response.

Question 4: Can you confirm your protocol for the above injury.

Answer: The Trust has reviewed question 4 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not test for brain injuries. The Trust is therefore unable to provide a response.

Question 5: Can you confirm to me your Weaning, ventilator free breathing and extubating protocols please

We promise to work together creatively to: learn
'what matters' to everyone, achieve a better quality
of life and continuously improve our services.
