Rota: see separate report - this has been downloaded from DRS4 (external system). It is a template only (NOT the live rota) used to show frequency and shift pattern only. Your live rota will be published by the locality rota co-ordinator (FY1 & FY2 trainees will not receive a copy of the live rota due to working Monday to Friday, 0900 – 1700 only)

LTFT trainees need to agree their working days with your supervising consultant. Please let the rota coordinator know which shifts you will cover on the rota. You also need to share this information with Medical Staffing via elft.medical.staffing@nhs.net so a revised LTFT work schedule can be issued. If your post is part of a job share you will cover 50% of the rota duties and paid accordingly unless we are informed otherwise.

Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.

Training Opportunities:

These will be in line with the appropriate curriculum for your grade and specialty
