I. What is the Ethnicity Pay Gap report?

The Ethnicity Pay Gap is the differences in pay between employees from various ethnic backgrounds. This is the first year East London NHS Trust have produced Pay Gap reporting for Ethnicity. We are committed to fostering transparency, accountability, and equity within our organisation. Through these reports, we aim to identify and address any disparities in pay and opportunities, ensuring that all our employees are treated fairly and have equal access to advancement and development opportunities, regardless of ethnicity.

In this report we have categorised ethnicities according to nationally recognised reporting standards.

We have excluded the following from our calculations:

Elements related to:
