**Request:** Our queries for your Trust are:

- Acute Mental Health and high dependency rehab ward sizes

**Clarification:** Current position or most recently available

- Core shift staffing numbers on the ward

**Clarification:** This is for baseline safe staffing numbers for shifts on the ward (which might be filled by substantive/agency/both). This isn't asking for current numbers of staff needed to safely run the ward if there are increased levels of observation – only base numbers.

- Core shift staffing by job roles

**Clarification:** This is for baseline safe staffing numbers for shifts on the ward (which might be filled by substantive/agency/both). This isn't asking for current numbers of staff needed to safely run the ward if there are increased levels of observation – only base numbers.

- Other roles outside of core shift

**Clarification:** what other roles make up the MDT that input into the ward (OT, Psychology, Medic, Social Work, Peer Support Worker etc) and what WTE they have allocated to the ward?

- WTE of associated other roles

**Clarification:** what other roles make up the MDT that input into the ward (OT, Psychology, Medic, Social Work, Peer Support Worker etc) and what WTE they have allocated to the ward?
