Request:

Question 1: The number of people who have attended A&E and given Semaglutide as a reason for their visit, where their drug was indicated for weight management - in every year between 2022 and 2024. Please give a figure for each year.

Semaglutide also goes under brand names such as Ozempic, Saxenda, Rybelsus and Wegovy – can you please include these names in your records also.

Answer: The Trust has reviewed question 1 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust is primarily a Mental Health and Community Health Trust and as such does not provide A&E services. The Trust is therefore unable to provide a response.

Question 2: Please break the figures down to give details of the complications patients presented with as a result of their use of Semaglutide.
