Request: I note that the response states your CPE patient information materials are currently being reviewed, but you have provided a link to the UKHSA website (not their PIL).

Please could I obtain the current version of your organisation's CPE patient information materials please – i.e. the current/previous versions that are being used in lieu of this updated version?

Answer: The Trust has reviewed your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not hold the information requested. At present, we only use the UK Health Security Agency (UKSHA) patient leaflets for providing information about CPE. The Trust is therefore unable to provide a response.
