29 November 2024

Our reference: FOI DA5703

I am responding to your request for information received 6 November 2024. This has been treated as a request under the Freedom of Information Act 2000.

I am now enclosing a response which is attached to the end of this letter. Please do not hesitate to contact me on the contact details above if you have any further queries.

Yours sincerely,

Information Rights Coordinator

If you are dissatisfied with the Trust's response to your FOIA request then you should contact us and we will arrange for an internal review of this decision.

If you remain dissatisfied with the decision following our response to your complaint, you may write to the Information Commissioner for a decision under Section 50 of the Freedom of Information Act 2000. The Information Commissioner can be contacted at:

Information Commissioner's Office Wycliffe House Water Lane Wilmslow Cheshire SK9 5AF

Tel: 0303 123 1113 Web: <u>www.ico.org.uk</u>

Please note that the data supplied is not allowed to be re-used and/or published without the explicit consent of East London NHS Foundation Trust. Please contact the signatory to request permission if this is your intention

We promise to work together creatively to: learn 'what matters' to everyone, achieve a better quality of life and continuously improve our services. Request: I would like to know if there has ever been the complication of Peripheral Nerve Palsy following the administration of Electronconvulsive Therapy (ECT) in ECT clinics run by your Trust/Health Authority.

A simple "Yes" or "No" answer is all that I require.

Answer: No.

Based on the G58.9 and Y83.8 codes provided by the Clinical Coding Consultant, there are no records of complications related to Peripheral Nerve Palsy following the administration of Electroconvulsive Therapy logged in the Trust's clinical system.
