Request: Please could you help me by responding to the data requests below? I will be using this data to estimate demand for perinatal mental health services in Tower Hamlets only. I don't have a strong preference for any particular time period, but if I could have the data over the past three full years that would be brilliant.

Question 1: Number of mums referred to specialist perinatal mental health services.

Answer: Please see table below:

Year	Number of referrals of mums to specialist perinatal mental health services
2021	454
2022	384
2023	431

Question 2: Number of referrals rejected by specialist perinatal mental health services.

Answer: Please see table below:

Year	Number of referrals of rejected by specialist perinatal mental health services
2021	123
2022	103
2023	124

Question 3: Reasons for rejection (if available).

Answer: The Trust has reviewed question 3 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not record the information requested and is therefore unable to provide a response.

Question 4: Number of re-referrals of mums who have had an initial referral rejected.

Answer: The Trust has reviewed question 4 of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not record the information requested and is therefore unable to provide a response.

Question 5: Number of re-referrals of mums who have previously been discharged from specialist perinatal mental health services.

Answer: Please see table below:

Year	Number of re-referrals of mums to specialist perinatal mental health services
2021	227
2022	259
2023	277

Question 6: Number of dads who access a specialist assessment as part of a perinatal mental health service.

Answer: Please see table below:

Year	Number of dads accessing perinatal mental health services
2021	0
2022	0
2023	0

Question 7: Number of referrals for Mums and Dads living in each ward within Tower Hamlets.

Clarification: Can you please provide both? Or at a minimum the second point below in relation to our request regarding the Number of referrals for Mums and Dads living in each ward within Tower Hamlets:

- a. patients currently staying in THs (and reason for transfer, if possible, I am wondering if TH has a large transient perinatal population and why?)
- b. those that are permanent residents (we will require this as a minimum to be able to estimate the scale of perinatal Mental Health needs in TH).

Answer: The Trust has reviewed question 7a and 7b of your request for information under the Freedom of Information Act (FOI) 2000.

Section 1(1) of the Freedom of Information Act 2000 states:

*Any person making a request for information to a public authority is entitled—
(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and
(b) if that is the case, to have that information communicated to them.*

East London NHS Foundation Trust does not record the information requested as attendance is in a community setting. The Trust is therefore unable to provide a response.

Question 8: Can we have a breakdown of the ethnicity of people referred into your service, and the number that are accepted.

Answer: Please see table below:
