

FOI - Central access to data

		Response																			
Question 1	<table border="1"> <thead> <tr> <th>Which BI Tool/solution does your information department utilise?</th> <th>(X)</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>PowerBI</td> <td>X</td> <td></td> </tr> <tr> <td>Tableau</td> <td></td> <td></td> </tr> <tr> <td>SSRS</td> <td>X</td> <td></td> </tr> <tr> <td>Qlikview</td> <td></td> <td></td> </tr> <tr> <td>Other please state:</td> <td></td> <td></td> </tr> </tbody> </table>	Which BI Tool/solution does your information department utilise?	(X)	Comments	PowerBI	X		Tableau			SSRS	X		Qlikview			Other please state:				
Which BI Tool/solution does your information department utilise?	(X)	Comments																			
PowerBI	X																				
Tableau																					
SSRS	X																				
Qlikview																					
Other please state:																					
Question 2	<table border="1"> <thead> <tr> <th>Please select the appropriate options from below regarding your data warehousing:</th> <th>(X)</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Cloud solution - Developed and managed internally by Trust</td> <td>X</td> <td></td> </tr> <tr> <td>On prem solution - Developed and managed internally by Trust</td> <td></td> <td></td> </tr> <tr> <td>Cloud solution - A purchased and supported product (pls name product)</td> <td></td> <td></td> </tr> <tr> <td>On prem solution - A purchased and supported product (pls name product)</td> <td></td> <td></td> </tr> <tr> <td>Other please state:</td> <td></td> <td></td> </tr> </tbody> </table>	Please select the appropriate options from below regarding your data warehousing:	(X)	Comments	Cloud solution - Developed and managed internally by Trust	X		On prem solution - Developed and managed internally by Trust			Cloud solution - A purchased and supported product (pls name product)			On prem solution - A purchased and supported product (pls name product)			Other please state:				
Please select the appropriate options from below regarding your data warehousing:	(X)	Comments																			
Cloud solution - Developed and managed internally by Trust	X																				
On prem solution - Developed and managed internally by Trust																					
Cloud solution - A purchased and supported product (pls name product)																					
On prem solution - A purchased and supported product (pls name product)																					
Other please state:																					
Question 3	<table border="1"> <thead> <tr> <th>Please select the appropriate option from below regarding your central information portal which supports access to reports in your Trust</th> <th>(X)</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>In house built solution based on your BI tool</td> <td>X</td> <td></td> </tr> <tr> <td>In house built solution based on a SharePoint site</td> <td></td> <td></td> </tr> <tr> <td>In house built web based solution</td> <td></td> <td></td> </tr> <tr> <td>Purchased product (pls name the product)</td> <td></td> <td></td> </tr> <tr> <td>Other</td> <td></td> <td></td> </tr> </tbody> </table>	Please select the appropriate option from below regarding your central information portal which supports access to reports in your Trust	(X)	Comments	In house built solution based on your BI tool	X		In house built solution based on a SharePoint site			In house built web based solution			Purchased product (pls name the product)			Other				
Please select the appropriate option from below regarding your central information portal which supports access to reports in your Trust	(X)	Comments																			
In house built solution based on your BI tool	X																				
In house built solution based on a SharePoint site																					
In house built web based solution																					
Purchased product (pls name the product)																					
Other																					
Question 4	<table border="1"> <thead> <tr> <th colspan="2">Does your information portal have the below features?</th> <th>Yes/No</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Report Publication</td> <td>Enable access to published Trust reports of multiple types e.g. Tableau, Excel, SSRS, Power BI, PDF etc.</td> <td>No</td> <td></td> </tr> </tbody> </table>	Does your information portal have the below features?		Yes/No	Comments	Report Publication	Enable access to published Trust reports of multiple types e.g. Tableau, Excel, SSRS, Power BI, PDF etc.	No													
Does your information portal have the below features?		Yes/No	Comments																		
Report Publication	Enable access to published Trust reports of multiple types e.g. Tableau, Excel, SSRS, Power BI, PDF etc.	No																			
Question 5	<table border="1"> <thead> <tr> <th>Does your information portal allow users to search and find reports based on:</th> <th>Yes/No</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Report Search</td> <td></td> <td></td> </tr> <tr> <td><i>Google type based search</i> - Find reports based on free text search against the meta</td> <td>No</td> <td></td> </tr> <tr> <td><i>Category based search</i> - Find reports via a hierarchy of structured folders/sub-folders.</td> <td>Yes</td> <td></td> </tr> <tr> <td><i>Data-source/System search</i> - find reports related to a system or dataset</td> <td>Yes</td> <td></td> </tr> </tbody> </table>	Does your information portal allow users to search and find reports based on:	Yes/No	Comments	Report Search			<i>Google type based search</i> - Find reports based on free text search against the meta	No		<i>Category based search</i> - Find reports via a hierarchy of structured folders/sub-folders.	Yes		<i>Data-source/System search</i> - find reports related to a system or dataset	Yes						
Does your information portal allow users to search and find reports based on:	Yes/No	Comments																			
Report Search																					
<i>Google type based search</i> - Find reports based on free text search against the meta	No																				
<i>Category based search</i> - Find reports via a hierarchy of structured folders/sub-folders.	Yes																				
<i>Data-source/System search</i> - find reports related to a system or dataset	Yes																				
Question 6	<table border="1"> <thead> <tr> <th>Does your information portal allow users to more effectively access regular reports based on</th> <th>Yes/No</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Report Access</td> <td></td> <td></td> </tr> <tr> <td><i>Favourite reports</i> - added to the user's favourite reports list by the user directly or based on reports frequently accessed by the user.</td> <td>Yes</td> <td></td> </tr> <tr> <td><i>Profiled reports</i> - added to the user's profiled reports list, based on the user's role e.g. Nurse, Operational manager. The reports available for that role are defined by a key</td> <td>Yes</td> <td></td> </tr> <tr> <td><i>Recommended reports</i> - These are new and sometimes existing reports added to the users recommended reports list. Recommendations are made by the informatics</td> <td>Yes</td> <td></td> </tr> </tbody> </table>	Does your information portal allow users to more effectively access regular reports based on	Yes/No	Comments	Report Access			<i>Favourite reports</i> - added to the user's favourite reports list by the user directly or based on reports frequently accessed by the user.	Yes		<i>Profiled reports</i> - added to the user's profiled reports list, based on the user's role e.g. Nurse, Operational manager. The reports available for that role are defined by a key	Yes		<i>Recommended reports</i> - These are new and sometimes existing reports added to the users recommended reports list. Recommendations are made by the informatics	Yes						
Does your information portal allow users to more effectively access regular reports based on	Yes/No	Comments																			
Report Access																					
<i>Favourite reports</i> - added to the user's favourite reports list by the user directly or based on reports frequently accessed by the user.	Yes																				
<i>Profiled reports</i> - added to the user's profiled reports list, based on the user's role e.g. Nurse, Operational manager. The reports available for that role are defined by a key	Yes																				
<i>Recommended reports</i> - These are new and sometimes existing reports added to the users recommended reports list. Recommendations are made by the informatics	Yes																				
Question 7	<table border="1"> <thead> <tr> <th>Are data requests for new reports made via</th> <th>(X)</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Adhoc Report Request</td> <td></td> <td></td> </tr> <tr> <td>Your information portal</td> <td>X</td> <td></td> </tr> <tr> <td>A separate system from your information portal (pls provide name of system)</td> <td>X</td> <td></td> </tr> <tr> <td>E-mail</td> <td>X</td> <td></td> </tr> <tr> <td>Other</td> <td>X</td> <td>Meetings</td> </tr> </tbody> </table>	Are data requests for new reports made via	(X)	Comments	Adhoc Report Request			Your information portal	X		A separate system from your information portal (pls provide name of system)	X		E-mail	X		Other	X	Meetings		
Are data requests for new reports made via	(X)	Comments																			
Adhoc Report Request																					
Your information portal	X																				
A separate system from your information portal (pls provide name of system)	X																				
E-mail	X																				
Other	X	Meetings																			
Question 8	<table border="1"> <thead> <tr> <th>Does your information request process enable the below</th> <th>Yes/No</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>Contact</td> <td></td> <td></td> </tr> <tr> <td>- you to effectively process and track information requests for your team</td> <td>Yes</td> <td></td> </tr> <tr> <td>- your users to effectively track the progress of their information request?</td> <td>Yes</td> <td></td> </tr> </tbody> </table>	Does your information request process enable the below	Yes/No	Comments	Contact			- you to effectively process and track information requests for your team	Yes		- your users to effectively track the progress of their information request?	Yes									
Does your information request process enable the below	Yes/No	Comments																			
Contact																					
- you to effectively process and track information requests for your team	Yes																				
- your users to effectively track the progress of their information request?	Yes																				
Question 9	<table border="1"> <thead> <tr> <th>Would an information portal with all or some of the above functionalities be of interest to you</th> <th>Yes/No</th> <th>Comments</th> </tr> </thead> <tbody> <tr> <td>(if yes pls provide appropriate contact details)</td> <td>No</td> <td></td> </tr> </tbody> </table>	Would an information portal with all or some of the above functionalities be of interest to you	Yes/No	Comments	(if yes pls provide appropriate contact details)	No															
Would an information portal with all or some of the above functionalities be of interest to you	Yes/No	Comments																			
(if yes pls provide appropriate contact details)	No
